

Interest Shown By Residents Forms Calvary Baptist Church

In the early 30's, Thomas Jennings gathered some children from the Lincoln Estates sub-division into the Ann Rutledge school and began a Sunday school. Assisted by other, the work was carried on for several years.

In 1937, Roosevelt Fisher who had become superintendent of the Sunday school, attended the Immanuel Baptist church at Chicago Heights. He asked the pastor, Rev. S. E. Waldemer, to come to Lincoln Estates to assist with the work.

Mr. Waldemer came to the area, accompanied by a pianist and several Sunday school teachers. He conducted services in the Ann Rutledge school on Sunday afternoons, immediately following Sunday school.

The group met for Bible study and prayer in the homes of congregation members on Wednesday evening. Mr. Waldemer served in both fields.

This arrangement continued for almost two years. In the meantime, Philip LaBue, a member of the Chicago Heights church, was elected superintendent of the Sunday school. Rev. Waldemer then turned the services over to Mr. LaBue and he took full charge of the work.

The group was organized into a Baptist church in December of 1939 in the home of Mr. and Mrs. Gordon Letts. The church became affiliated with the Baptist General conference. In 1940, Mr. LaBue lead the church in erecting a building on 79th Ave., on a piece of property donated by Mr. and Mrs. Letts.

A full schedule of services was begun which have been maintained up to the present time.

In 1952, the building next door to the church was purchased for a parsonage.

Rev. LaBue continued to serve as pastor until 1945. Since then four others have lead the church. Rev. Olaf Nelson Jr. served about three years, Dr. William Kerr about four years and the Rev. Arthur Contois nearly two years. The present pastor, Mr. Waldemer, was called back to take charge of the church in 1954.

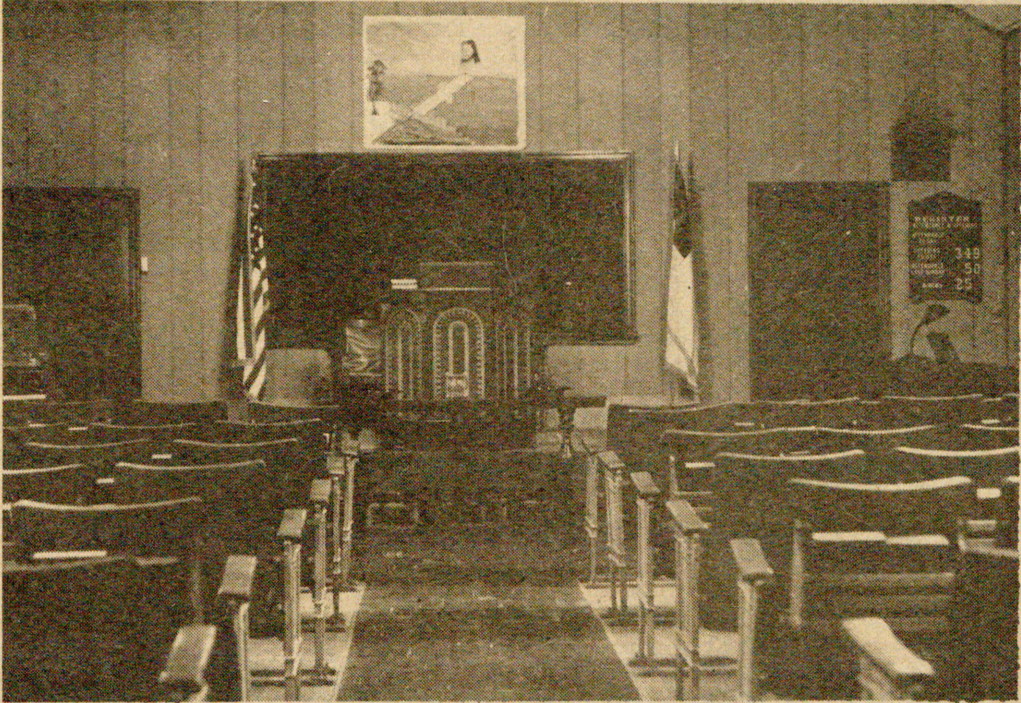

There has always been and continues to be a great concern for the welfare of the people in the community on the part of pastors and members.

Rev. Contois and some of the members of the church were instrumental in organizing the Parkview Baptist church in Mokena.

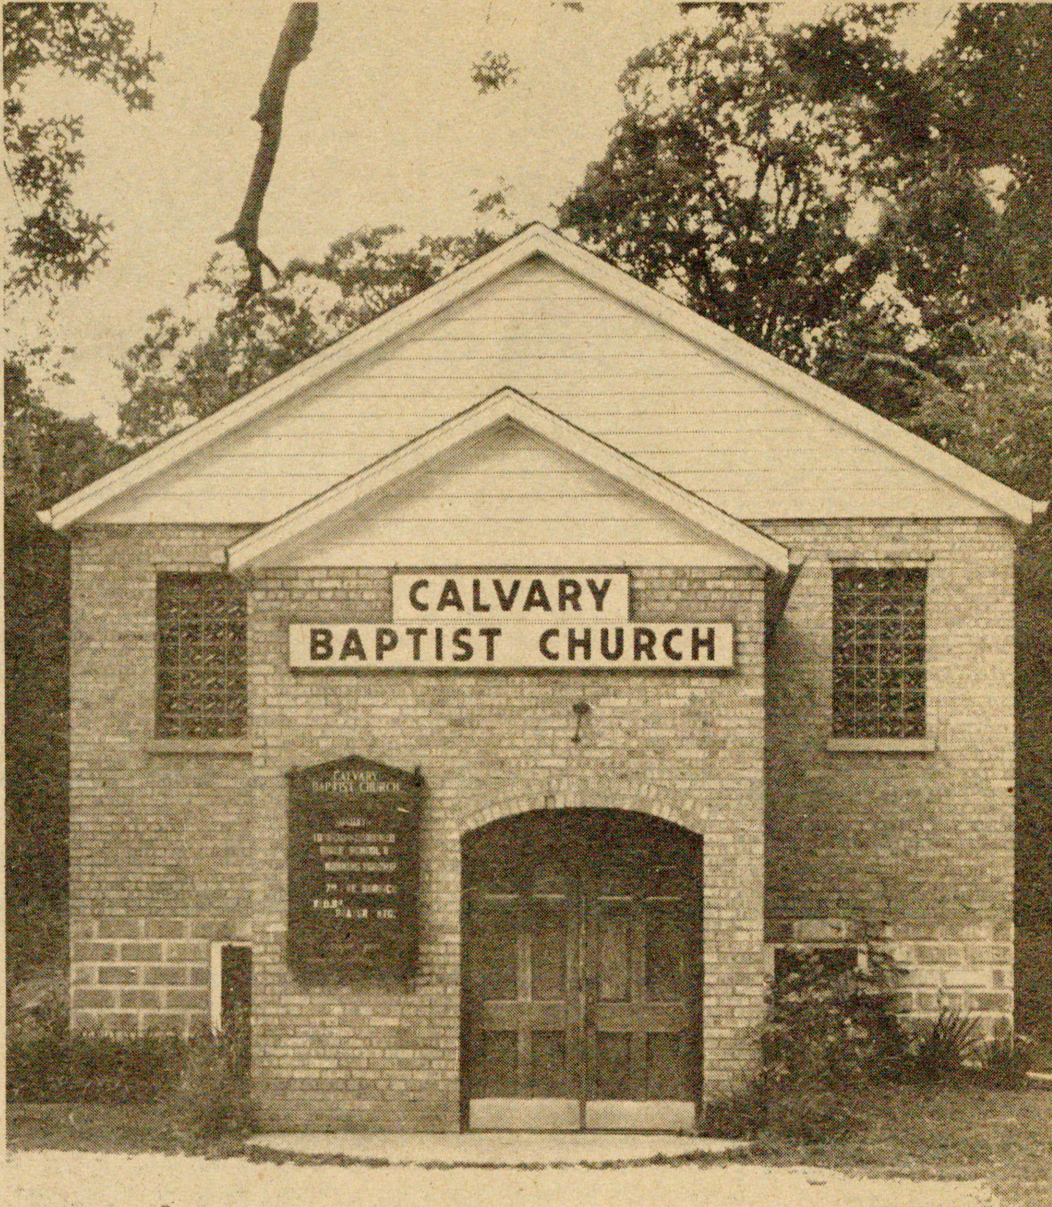

Spokesmen for Calvary Baptist said there is a friendly and spiritual atmosphere in the services. There continues to be a deep missionary interest. At the present time, the church is entirely self-supporting and assists in supporting a missionary family, Rev. and Mrs. Alfred Gustafson in Argentina.

Present members comprising the church board are; the Rev. Waldemer, three trustees; Paul Smith, who also serves as the church treasurer, James Hunter and Gordon Letts. The latter two are also deacons and Letts is vice chairman of the board. Gerald Sluiter heads the Sunday school as superintendent.

The missionary circle, which meets the third Thursday of each month in the church, is under the direction of the following officers; Mesdames Gordon Letts, president; S. E. Waldemer, vice - president; Paul Smith, secretary and Gerald Sluiter, treasurer.

Village Of Mokena Plans To Enforce Weed - Cutting Laws

Failure to cut and dispose of weeds growing steadily higher on some vacant lots and on other property in Mokena was brought to the attention of the village board at the monthly meeting last week.

In order to eliminate the hazardous and unsightly sections, the board plans to enforce the ordinance covering the situation.

Property owners who fail to have weeds cut periodically can be fined from \$10 up to \$50 for each day of violation after notice is given. They can also be forced to pay the necessary costs if the cutting is done by the village.

INVEST FUNDS

After being informed that a

amounts which have been building up in the bond reserve and contingency accounts can, under law, be invested in U.S. government interest bearing bonds, Village President Swanberg asked for and received approval from the board members to invest \$7,300 now on hand. In this manner, this amount will earn interest, instead of being

in a dormant account in the bank, until such time as the amount is ever needed.

Approval was also given to have two trees on Third St. removed to allow for the reconditioning of the street in the near future.

A bid from the Abroad Industries was accepted and approved to do the necessary

cleaning, repairing and painting of the water tank.

The renumbering of houses and streets in the village, necessary before residents can receive mail-carrier delivery, was discussed, with further committee work to be completed prior to the next meeting Tuesday, July 18. Once the ground work is completed by the committee, the actual time needed to make the necessary changes is expected to be relatively short.

Members also approved advertising for bids for material needed in the maintenance of village streets which will be carried out in the coming months.

VARIOUS TYPES of games and sports are in progress during the eight week summer recreational program now in session at the Mokena community park, sponsored by the park district. Miss Sharon Cappel, is the counsellor and supervises the morning and

Route 30. We believe there is a real need for such an association to assure that savings made locally will be used for home construction and home improvement in the Lincoln-Way area."

It is contemplated that the Lincoln-Way Savings and Loan will begin business in the early part of 1962.

Home Bureau now has a membership of 538 Will County women.

The two days of 4-H day camp on citizenship held at Fred Francis field, New Lenox, was termed as very successful. Mrs. Robert Bauman reported that some 200 girls were in attendance. Home Bureau is one of the sponsors of the home economic clubs in the county. Three new clubs have been recently organized bringing the total to 36 clubs.

Mrs. Alma Niessner, home adviser related that lessons on pattern study and alteration, given by the university of Illinois specialists, were well attended; members are looking forward to the follow up lesson on fitting which will be included in the program next year. Plans are being made to send to Camp Monticello some interested member who will bring handicraft ideas back to the women of the county for future craft days.

On Second Thot

By GLENN F. LOGAN

You are not going to believe this but there is an agency now functioning at Washington as a part of the federal government that—now hold onto your hats—that is opposed to blind spending of the tax dollar.

Why one should say "tax dollar" is really superfluous when one considers that the only kind of money the government has comes from taxes. On the other hand the phrase is useless because what appears to be a majority of the people clings to the belief that the government gets its funds from a money tree or thru the use of magic words.

The words "pay or else—" when used in a notice by the federal revenue office are not magic but they are potent and they do bring in the money but then we are back to the tax dollar again.

Anyway, there is an agency at Washington—not Congress

N. L. Sportsmen Begin Summer Activities

Summer activities are progressing rapidly at the New Lenox Sportsmen's club recreational center located south of Wilmington.

Work on the beach house is advancing and as soon as the electrical wiring is installed the women's auxiliary will operate the concession stand at the beach house. The women are asking all members who use Hills Bros. coffee to save the bands which seal the cans to secure a coffee urn. Anyone having hand seals are to give them to Tony Luce, who is in charge of the project.

The beach is open five days a week; Wednesdays thru Sunday; being closed on Mondays and Tuesdays. A lifeguard will be on duty from noon to 8:00 p.m. on weekdays and from 10:00 a.m. to 8:00 p.m. on Saturdays, Sundays and holidays. Beach rules are posted on the

beach; a few of the rules are: no food or drink permitted on the beach, no pets allowed either in the water or on the sand and for safety reasons, flotation devices (rubber rafts etc.) will not be permitted in the water.

Due to an increase of the number of canoes in use at the area a suggestion has been made to plan activities for club members with canoes. Preliminary planning is for a one day trip on the I & M Canal below Channahon as a break-in cruise. This could be followed by a trip on the Tippecanoe in Indiana, which is suitable for both one day or two overnight outings. For those who are interested and would like further information you may do so by calling Jack Bell, HU 5-8022.

Red Cross junior and senior life saving classes have started. Private swimming lessons are available and will be taught by the lifeguard.

for heaven's sake—that not only keeps track of the money the government spends—but that is a big job in itself—but it also attempts to slow down the spending, and that is even a bigger job.

Records also show that on occasion it even has succeeded in getting back some of the money that apparently was down the drain. You can see that this is quite an agency and what is more it is doing all this with some 1,200 less employees than it had a couple of years ago.

You don't believe this, you say. Honest, there is such an agency. Its name—the General Accounting Office. Inalphabetizing Washington it is known as GAO.

Some of the bureaucrats and the big spending faction of Congress have other names and initials for it.

GAO was born 40 years ago and at the beginning had a sort of put-and-take job. It reported how much money came in and how much was paid out and whether the paying out process was in accordance with the way Congress decreed it should be.

Now it has gone several steps further than originally intended and as a result one can hear more moaning and groaning among some of the bureaucrats than in the wrestling trade.

Believe it or not, the GAO also is endeavoring to learn if the public is getting its mon-

ey's worth and to slow down the purchasing activities of some of the various governmental departments.

It is said that some of the suppliers take a very dim view of the GAO and consider its notions about strict compliance with terms of contracts as unsportsmanlike and harmful to the defense program. Shaving the suppliers take may help the taxpayer but it is painful to the supplier.

It is difficult, of course, to convince a taxpayer that he is getting any help. He has been gouged so many times that he hurts all over and besides he feels certain that if a saving is effected in one spot it is wiped out by a deficit in another.

That doesn't take away from the fact that the GAO is in there trying and we should be glad of that.

The esteemed Satepost in referring to the GAO recently pointed out that the armed services are among the departments that recent criticism by the GAO relative to high, wide and handsome purchasing.

The armed services took refuge in the fact that buying under emergency conditions is different than making purchases under normal conditions.

The GAO had chided the army for the peacetime purchase of 19,000 military vehicles that proved to be 19,000 lemons. It cost the government—us that is—more than a billion dollars. But what the heck! It's just money isn't it? And how can the army learn to spend freely in emergencies if it doesn't get practice when there is no emergency.

This corner prefers to say "no emergency" rather than under normal conditions because it always seem that under normal conditions the policy underlying government purchases is to buy high and then declare the stuff surplus and give it away.

For the dole, anyone?

forecast for ENERGY

Heating millions of new homes is one reason America's need for energy will double by 1980

Every 30 seconds in the next 20 years, another family will start using gas. There will be more homes . . . bigger homes. As our population climbs, need for energy rises even faster. And more people mean ever-higher energy demands by the industries that serve them. By 1980, the nation will require twice the energy it consumes today.

Where will it come from? Much will come from present energy sources, some from new ones. Wherever produced, a large share of energy in its most efficient and

usable forms will be transported via pipelines. Texas Eastern's natural gas pipelines, which stretch from the Mexican border to the Atlantic Seaboard, have capacity to fuel thousands of factories and heat millions of homes . . . Our Little Big Inch pipeline system, largest of its kind, delivers liquid petroleum products from Gulf Coast refineries to Midwest markets. Looking to the future, Texas Eastern is growing and diversifying today to meet tomorrow's energy needs.

Silver Cross Sponsors New Tech School

The American Medical association through its council on medical education has approved the new school of medical technology at Silver Cross hospital, Joliet, the director, Dr. Frederick Bauer, announced this week. Two students have enrolled for the one year course, Mrs. Eleanor McCoy, Joliet and Miss Arlene Ots, New Lenox. Two years of college preparation were required for entrance, Mrs. McCoy coming from the University of Illinois and Miss Ots from Joliet Junior college with which the technology school is affiliated and officially recognized by inclusion in the college catalog.

The Silver Cross medical technology school is the third conducted by the hospital to be approved by a national accrediting body, the first being the school of nursing and, last year, the new school for X-ray technicians. Students are qualified at admittance for some duty in the laboratory and are paid a stipend during the one year required for the course.

ANNOUNCE ENGAGEMENT. Mr. and Mrs. William Heptig, 305 W. Illinois Highway, are announcing the engagement and approaching marriage of their daughter, Coral, to William E. Gelatka, son of Mr. and Mrs. William R. Gelatka, Route 1, Peotone. The nuptial mass will be read Saturday, August 26, at 11 a.m. by Rev. Faustine Klink, OFM, in St. Jude's Catholic church, New Lenox.

All friends and relatives are invited to attend the wedding at the church. Invitations have been issued for the reception.

Marley Couple To Be Honored At Open House

MR. AND MRS. EDWARD SPROAT of Marley will observe their 25th wedding anniversary with an open house Sunday, July 16, from 3 to 6 p.m. in the parlors of the Marley Baptist Community church. Relatives and friends are invited to attend. Their daughter, Bonnie, is planning the celebration. Mr. and Mrs. Sproat were married at Marley July 18, 1936.

Hospital Wedding Defeats Bride's Deportation

Donald Howard Tompkins, 1023 N. Central avenue, Chicago, son of Mr. and Mrs. Harold I. Tompkins will be married at 3 p.m., Sunday, July 2, 1961 at Christ Community hospital, 4440 W. 95th Street, Oak Lawn.

Donald suffered a shattered right leg when his auto was struck by a truck May 23, 1961 on Route 83 near Lemont. He has been a patient (patiently in traction) at the hospital since that time.

While stationed with the U.S. air force based in Libya, North Africa, he was on leave in July 1959 vacationing in Heidelberg, Germany and met Miss Sophia Anthonia Maria Gillon of Delft, South Holland, Netherlands.

The couple met again about two weeks later, Donald spent Christmas of 1960 with the Gillon family in Delft. Sophia is the daughter of Francois H. Maria Gillon and Sophia Anthonia Maria Gillon of Westerstadt 15, Delft South Holland, Netherlands.

Donald returned to the U.S. in February 1960 and was discharged having the rank of Airman 2nd class.

Miss Gillon migrated to Canada in the summer of 1960, and spent Christmas of 1960 with the Tompkins family. She returned to Chicago in March of 1961.

Donald and Sophia had made arrangements for their wedding to be held July 1, 1961 in St. Lucy's church, 5900 W. Lake Street, Chicago and invitations were issued.

The accident was so severe that Donald cannot be removed from the hospital (as he is still in traction) and, so that Sophia need not return to Canada the couple have arranged for the wedding ceremony to be performed at the hospital by the Rev. Richard DeMey, assistant to the pastor of St. Lucy's church.

Despite his incapacitation, but because of his sincere appreciation for the kind and considerate service rendered to him by the staff of Christ Community hospital, Donald and Sophia wanted the service held at the hospital with the opportunity to hold a reception for the doctors, nurses, nurses aides, maids, technicians and other staff members who have served him.

The wedding will be attended only by members of the immediate family and hospital personnel.

After Donald's convalescence is completed he and Sophia will have a church service and reception as previously scheduled.

Students (from left,) are: Colleen Campbell, 120 Haines; Doty Gardner, 711 Wisconsin Rd.; Marcia Hammond, 160 S. Cooper; Carolyn Clark, 934 Ogden.

The Illinois Summer Youth Music program, conducted by the U. of I. Division of University Extension in cooperation with the School of Music, is in its 13th year.

ORDINANCE

BOARD OF APPEALS
NOTICE IS HEREBY GIVEN
that a public hearing will be
held at 7:30 o'clock P.M.,
Central Daylight Saving Time,
on July 31, 1961, in the Village
Hall, located at 14415 Beacon
Street in the Village of Orland
Park, Cook County, Illinois,
to consider an ordinance
amending that certain ordi-
nance entitled "An Ordinance to
Classify, Regulate and Restrict
the Locations of Trades, Indus-
tries, etc.," adopted February
23, 1931 and approved February
27, 1931, also known as the
Zoning Ordinance of the Vil-
lage of Orland Park, Cook
County, Illinois, Ordinance No.
32, as heretofore amended, and
as amended by Ordinance No.
150, Revised Zoning Ordinance
of 1957, as amended, the text
of said amending ordinance be-
ing as follows:

ORDINANCE NO. 32, AS HERETOFORE
AMENDED, AND AS AM-
ENDED BY ORDINANCE
NO. 150, REVISED ZONING
ORDINANCE OF 1957, AS
AMENDED.

WHEREAS, the Board of
Trustees of the Village of Or-
land Park has given careful
consideration and study to the
matter of the minimum lot
area for the location of a single
family residence building; and
WHEREAS, by a prior amend-
ment to the zoning ordinance
of the Village of Orland Park
a single family residence build-
ing was permitted to be con-
structed on a lot containing in
area 7,500 square feet; and
WHEREAS, there is now a
residential classification en-
titled Class "AA", Resi-
dential District, pursuant to the
provisions of said zoning ordi-
nance of the Village of Or-
land Park, the provisions of
which provide that a single
family residence building may
be erected on a lot having an
area of 7,500 square feet; and

approximately three hundred
homes constructed on lots rang-
ing in area from approximately
7,500 square feet to 10,000

velopment and concluded that
the single family residence
buildings constructed on said
lots are of such proximity to
each other as to cause insuf-
ficient light, air, safety from
fire and also too high a con-
centration of flood waters from
such density of use of the area;

WHEREAS, the Board of
Trustees believes that a single
family residence building
should be located on a lot con-
taining 10,000 square feet to
adequately secure proper light,
pure air, safety from fire and
storm water concentration; and
WHEREAS, the Board of
Trustees believes that the pro-
visions of the Class "AA",
Residential District, permitting
construction of a single family
residence building on a lot con-
taining less than 10,000 square
feet should be limited as same
affects the development of the

Practice Opens July 24

Palmer, Hebert Lead Field For Big PGA Championship At Olympia Fields

The National Championship of the Professional Golfers Association of America is the world's foremost competition in professional golf and it will be held at Olympia Fields Country Club, southeast of Tinley Park, July 27 through 30.

The 1961 PGA Championship will be won by the professional who can play long, well-spaced position shots from the tee, a bold iron player who will play for the pin, as there is very little trouble behind the greens and the bold putter who will play for the back of the cup, as the texture of the bent grass putting greens will favor this type of player.

The prevailing westerly winds will also add a few strokes to the scores.

A par 35-35-70 course, Olympia Fields measures 3,370 yards in the first nine and 3,352 yards on the back nine, for a total of 6,722 yards. Practice rounds will begin July 24.

The winner will receive custody of the Wanamaker Trophy for the ensuing year. The total prize money to be determined during the Championship, is likely to be as great or greater than last year's total of \$63,130, of which \$11,000 was awarded to first prize. Every player completing 72 holes will be assured of a minimum of \$200.

A field of more than 170 is expected to compete for the PGA Championship, currently held by Jay Hebert.

All told, a total of 67 members of The PGA of America, who are exempt from qualifying, filed entries prior to the May 17 deadline.

Included in this group are current champions of 32 of the PGA's 34 local sections. In addition, eight PGA approved tournament players who are exempt from qualifying have been invited and have filed entries.

Exempt PGA members and invited approved tournament players who have filed entries are George Bayer, Tommy Bolt, Julius Boros, Jack Burke Jr., Walter Burkemo, Bill Casper

Jr., Bill Collins, Pete Cooper, Gardner Dickinson Jr., Wes Ellis Jr., Don Fairfield and Jim Ferrier.

Also, Doug Finsterwald, Jack Fleck, Marty Furgol, Doug Ford, Vic Ghezzi, Bob Goalby, Jay Hebert, Lionel Hebert, Chick Harbert, Paul Harney, Chandler Harper, Fred Hawkins, Don January, Ted Kroll, Gene Littler, Dave Marr, Billy Maxwell, Cary Middlecoff, Tom Nieporte, Arnold Palmer, Henry Picard, Gary Player, John Pott, Dave Ragan Jr., and Johnny Revolta.

Also, Bob Rosburg, Mason Rudolph, Doug Sanders, Gene Sarazen, Sam Snead, Denny Shute, Mike Souchak, Jim Turnesa, Ken Venturi, Ernie Vossler, Don Whitt and Art Wall Jr.

Current Champions of PGA Sections who are exempt from qualifying and who have filed entries are Avery Beck, Carolinas; Gene Coghill, Central New York; Bill Bisdorf, Colorado; and Bob Kay, Connecticut.

Also, Milton Marusic, Eastern Missouri; Walker P. Inman Jr., Georgia-Alabama; Bill Ogden, Illinois; Don Street, Indiana; Donald J. Palmer, Iowa; Alphonso Atkins, Kentucky; Ronald Fox, Michigan; Charles T. Bassler, Middle Atlantic, and Sammy Reynolds, Mid-West.

Stranahan, Northern Ohio; Al Besselink, Philadelphia; Bill Johnston, Rocky Mountain; Buster Cupit, South Central; Freddie Haas Jr., Southeastern; Bud Holscher, Southern California; Jack Ortmann, Southern Ohio and Johnny Bulla, Southwest.

Also, Andrew Borkovich, Tri-State; Sam Urzetta, Western New York, and Steve Bull, Wisconsin.

In the 34 sectional championships 90 more players will become eligible also.

TOP U. S. GOLFERS -- Arnold Palmer (left) 1960 USGA Open Champion and Jay Hebert defending 1960 PGA Champion will lead the field of competitors in the 1961 PGA Championship at Olympia Fields Country Club July 27-30. Skin Divers Northern Ill. Fishing Meet At Lemont

On a recent cool Sunday afternoon in June the Lemont quarry played host to an invasion of nearly 40 skin divers in an Illinois Council fishing meet. It began at 10 a.m. and was over at two. Prizes were awarded for the total weight of fish caught by each diver and for the largest fish caught.

The winners will go to a final elimination meet for Illinois, July 9 in a secret place. It will match divers from the southern Illinois meet with the Lemont winner.

Illinois finalists will travel to Rhode Island for the national competition later this summer.

This June meet was the first time the quarry had been officially open for SCUBA diving

clubs. (SCUBA means Self-Contained Underwater Breathing Apparatus.) The quarry will be operated by various diving clubs on week ends and holidays for qualified swimmers and be patrolled by the Lemont police during the week.

STRICT RULES

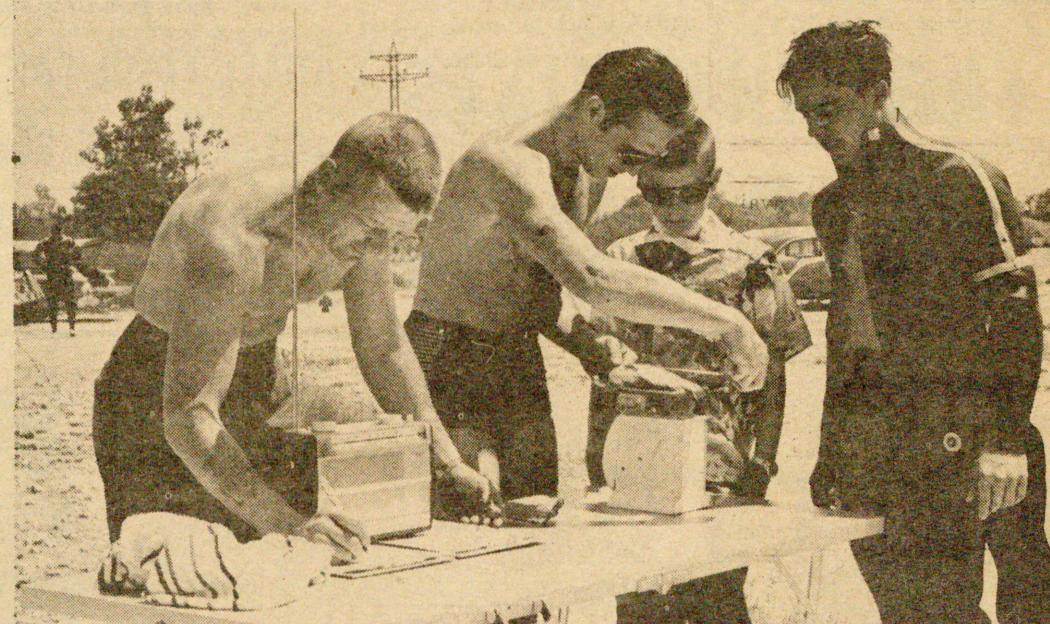

SCUBA diving is a specialized sport and requires careful observance of safety rules and thorough training in underwater diving techniques. Rules require that all divers have at least one buddy to keep a constant check on their condition and each diver must have a floating life raft attached to him by a line, so that he may be located at any time.

For fishing during this tournament the spear guns were re-

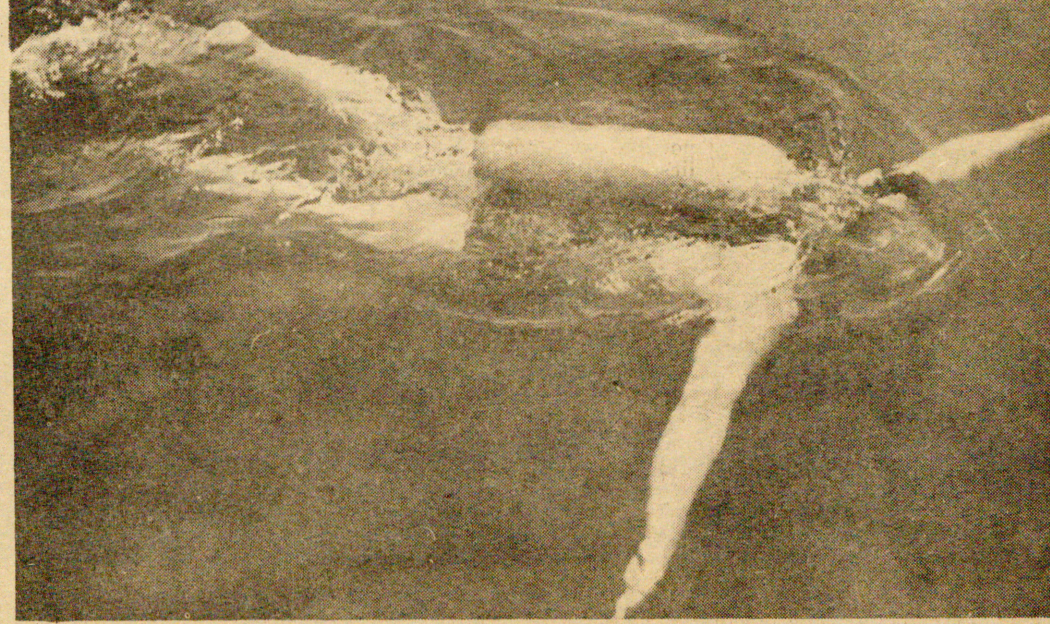

stricted to the Hawaiian rubber sling shot type or the simple throwing type propelled by arm power. Both are effective at about 10-15 feet. No compressed air or explosive type spear guns were allowed.

About 30 clubs participated in the outing, with the Lake County Divers in charge of the contest. There were two checkers, two safety men a scalemaster and a clerk, all of the Lake County Council.

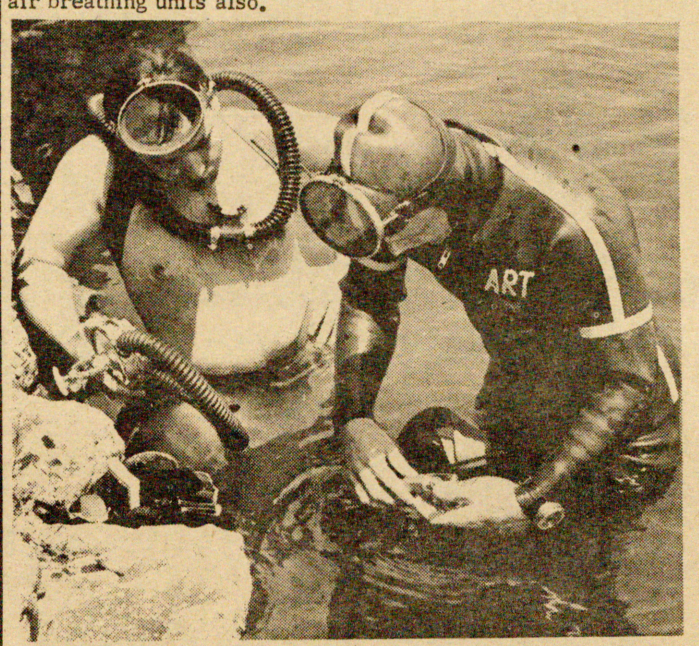

Folks in the Golden Triangle area who are interested in becoming a skin diver are cordially invited to come to the Lemont quarry on holidays or weekends to get further information from the SCUBA club members on duty there.

WEIGHING IN--Officials tally up the weights of the catches in the fishing contest. From left are Al Hinde, chairman of the Lake County Divers recording the catch, Ken Bundy of the Lake County Divers, measuring and weighing the catch, James Hottat, a spectator and Al Agri-monti, the fisherman.

CHECK RUN--One of the SCUBA divers makes a check run in shallow water before he goes into deep water.

DEEP DIVERS -- Jim O'Brian of the Windy City Seahorses Club and Art Bunner (unattached) check a tank gauge to find out how their air supply is holding out. This is important in deep diving with a SCUBA unit, and most divers like to have some safety factor.
